## DISPUTE OF CHURCHES! IS CARRIED INTO COURT

Second Presbyterian Congregation of Wellsville  
Sues the First Church of  
That City.

## THEY DEMAND A DIVISION OF PROPERTY

Lisbon, November 30.—(Special)—The Second Presbyterian church, of Wellsville, has filed suit in court here against the First Presbyterian church of that city and the board of trustees, Samuel S. Cope, William C. Fraser, Thomas B. Jack, David S. Brookman and Alexander D. Forbes, asking that the defendants be ordered to convey to the plaintiff a title in fee simple to real estate and buildings occupied by the Second Presbyterian church in the west end of Wellsville.

The petition says the First Presbyterian congregation of Wellsville was incorporated by a special private act passed by the Ohio legislature January 11, 1833. Its house of worship is situated in the east end of Wellsville and in 1891, owing to the fact that many of its members and adherents lived in the west end of Wellsville and often found it inconvenient and at times impossible to attend services, by reason of the great distance, a subscription of \$966.50 was raised to start a church in the West End. On September 30, 1891, the matter was reported to the congregation of the defendant church, which authorized the purchase of a site and the erection of a house of worship in the west end of Wellsville, an additional \$1,600 being appropriated by the congregation from funds and property held in trust by it. With these funds the congregation August 15, 1892, purchased the premises on which the Second Presbyterian church of Wellsville is now located. Title to the premises was received and held in trust by the congregation of the First church.

## SUNDAY BUSINESS OF A SALOON

Seriously Interfered With By Police—Proprietor and Visitors Caught.

Chief Wyman and his able corps of policemen move in a mysterious way to their wonders to perform. Like a bolt of lightning, there is no telling where they will strike, but there is always something left to tell the tale of their visits. James (Toughey) Walters, a saloonist, of Franklin street, is the latest victim. He was placed under arrest together with his bartender and six loafers on Sunday morning at 1 o'clock, the proprietor being charged with keeping open on Sunday and the others with loitering.

When the officers approached the saloon they could distinctly hear the merry hum of voices intermingled with the jingling of glasses and the clinking of bottles, and it was with some regret that they allowed duty to prevail upon them to interrupt the jolly crowd. Officers Aufderheide and Mahoney gained an entrance by the front door and the chief via the back door. In neither instance did they have any trouble in getting inside. Walters immediately threw up his hands and told the officers he would stand good for the appearance of all in the saloon.

Thomas Lisk, of Steubenville, was arrested by Officer Morris for being drunk. He was released yesterday on paying a stiff fine. Jethro Chadwick was run in for being drunk and was also released.

## TELEPHONE POLICE SERVICE FOR THE STREET RAILWAY

The matter of having a police service by telephone is now under consideration by the officials of the East Liverpool Railway company. The telephones will be located at convenient points along the line, and motormen and conductors can readily notify the police of either city of the conduct of obstreperous individuals who make life weary occasionally for passengers. The use of profane language by intoxicated persons has become a very flagrant evil at present, and many times the ears of lady passengers are saluted by conversations of parties who have no respect for

### TOWBOAT MURDOCK BURNED AT LANDING

Mysterious Fire Destroys the Craft  
Just Got in Readiness for a  
Trip South.

As a result of a mysterious fire the towboat George W. Murdock was totally ruined by fire yesterday afternoon while tied to the bank at Neal's, a few miles east of here. The origin of the blaze, if known, has not been stated. Within half an hour after the flames were first noticed by the crew the woodwork had been burned to the water's edge. Members of the crew saved their personal effects only by a great effort.

The Murdock had been at Neal's for the greater part of the summer and had just been prepared for a trip south. The Consolidated Coal & Coke company were the owners. The company carried full insurance.

It was reported that one of the deck hands was badly burned, but the extent of his injuries could not be learned.

### SPECIAL MEETING OF CITY COUNCIL

Purpose of Passing Revised  
Appropriation Ordinance.

The finance committee of council has prepared the new ordinance and it will be passed without trouble. Through its passage every department of the city will be reimbursed to such an extent that they can run without interference.

It was thought probable that the railroad ordinance would come up for action, but as the solicitor will not be present it is thought nothing will be done with it. The ordinance is modified to suit the railroad company and will not meet any serious objection by the members of council.

### DID NOT WANT TO SEE POLICE

Joe Keenan, With Several Indict-  
ments Against Him, Fled  
Like a Deer.

### HE RAN OUT OF THE STATE

In the Excitement That Followed the  
Raid on the Walters Saloon—His  
Experience Varied and His Reputation  
Rather Shady.

Since the raid was made on the saloon of James Walters, Franklin street, at an early hour Sunday morning by Chief Wyman and Officers Aufderheide and Maloney, it has developed that one of the men in the saloon at the time was a desperate character, one for whom the county officials have been looking for nearly a year.

The man referred to is Joe Keenan a native of this city, having been born on lower Sixth street, but in later years a resident of Wellsville, where, it is alleged, he ran a disorderly house and sold whisky in connection. The charges at Lisbon against him are for being the proprietor of a disorderly house and selling intoxicating liquor for three years without a license.

When Keenan saw the officers enter the saloon his heart came near jumping out of his mouth. It was the first time he had been in the city for months and above all people, the police were the last he wanted to see. The officers, however, it seems, did not know he was wanted and he had an easy time in fooling them. To Chief Wyman he gave a fictitious name. The officers had hardly left the saloon until Keenan left it, however. He was afraid they would get over the excitement always incident to a raid and lost no time in leaving the city. It is said that just as soon as he got out of the saloon he started up Sixth street, running like a scared hound. His reputation as a runner is even better than that of William Stilwell. He did not stop until he had crossed the East Liverpool bridge into Chester.

Keenan has had a varied experience in the criminal history of the city. He has been implicated in scores of cases and upon several occasions had narrow escapes from a penitentiary sentence.

After leaving this county as a fugitive from the Lisbon courts, he went to McKeesport and was there only a short time when, it is said, the officers ran him out of town.

### HIS HAND CAUGHT IN A CORN SHREDDER

A Farm Employee in Wayne Township  
Meets With a Serious  
Injury.

Lisbon, November 30.—(Special)—While assisting to operate a corn shredder on the farm of Anthony Rice, seven miles west of Lisbon, in Wayne township, Saturday evening, Oscar McCord had his right hand so badly mangled by the machine that amputation will be necessary.

The accident occurred about quitting time. Dr. G. H. Albright, of Lisbon, was summoned, but the injured man refused to permit the operation at that time.

### JOHN H. HARRIS THE NEW TRUSTEE

Will Hereafter Look After the Affairs  
of Liverpool Town-  
ship.

John H. Harris was appointed township trustee late Saturday afternoon to fill the vacancy made by the resignation of John W. Albright. The appointment was made by Squire J. N. Rose after due deliberation. There were nearly a dozen applicants for the position, but the only ones considered by the justice were four men who had served the country in the civil war.

The justice has a warm spot in his heart for the veterans and never fails to bestow on them a favor.

John Matson and Mary Vilk, of Salineville, were married by Mayor George T. Farrell in the probate court room today.

### FATALLY SHOT WHILE HUNTING

A Salem Boy Gets a Terrible Wound  
While in Pursuit of  
Rabbits.

Salem, November 30.—Norman Hill, aged 15 years, a son of Ed Hill, of East Green street, was fatally shot in the abdomen at the Salem driving park Saturday and died shortly after.

The story told by the boys who were with Norman is that they had gone to the driving park to hunt rabbits, and Hill was down in a large hole near the old stables at the south side of the grounds trying to scare up a rabbit for the other boys to shoot at, when he suddenly put his hand to his side and said he was shot, at the same time dropping to the ground. The Hill boy had no weapon.

### THE DAVIS CASE MAY NOT BE TRIED

It Is Said the Accused Will Be Allowed  
to Enter a Plea of  
Guilty.

The case of James W. Davis, who is charged with shooting at William Stilwell with intent to kill, may never come up again for trial. It is said he will no doubt be given a chance to plead guilty of assault, which will assure him of receiving a sentence which will be without a penitentiary affix.

It will be remembered that he had a trial not long ago and the jury disagreed. The case was to have been heard in a short time before Judge Hole, but influence has been brought to bear and Davis is to be spared further notoriety.

### HATS MUST COME OFF

Dr. Pratt Issues An Edict to Ladies  
Attending the First M. E.  
Church

For perhaps the first time an edict against hats has been promulgated at the First Methodist church. At the Sunday evening services the ladies in the congregation must remove their hats, else it will be taken as an offense against the church. The Sunday morning and other services are excepted. In announcing the edict, Rev. Dr. Pratt said that in style and shape ladies' hats could scarcely be called modest. The announcement was so cleverly worded that it is safe to say no pique was felt by the ladies.

Such action was necessary for the benefit of those who occupy the seats from the center to the rear of the auditorium. There is no slope to the floor and the pulpit is only a few feet above it. Owing to the great length of the room those in the seats before designated find it impossible to see the face of the minister in the artificial light and with their view obstructed by a sea of hats.

### SONS OF TEMPERANCE TO HOLD BIG RALLY

Box Social Will Be a Feature of the  
Entertainment Tomor-  
row Night.

A grand rally of the Sons of Temperance will be held in the Odd Fellows' hall, this city, tomorrow evening. It is proposed to make the meeting one of the most interesting from every standpoint ever held by the organization.

The national organizer, Prof. Barton L. Rockwood, of Philadelphia, will be present, and he will be accompanied by Prof. Blair, also of Philadelphia. The latter gentleman is a celebrated baritone singer and will render selections throughout the meeting.

One of the most pleasing features of the meeting will be the initiation of 20 candidates into the order. This ceremony is expected to consume some time and will be followed by a box social, to which the general public is cordially invited. The business meeting will be concluded by 9 o'clock, however, and the visitors will be made welcome after that hour. All ladies are requested to bring well filled boxes for the occasion. The attendance will undoubtedly be very large, as the Wellsville and East End divisions will come to the meeting in a body.

The justice has a warm spot in his heart for the veterans and never fails to bestow on them a favor.

## WILL NOT BE DEPOSED WITHOUT A STRUGGLE

Officer Saulsberry Proposes to Fight to Retain  
His Position on the Police  
Force.

## HE STRONGLY DENIES THE CHARGES MADE

being on the defensive and a sworn officer of the city.

Though the board of public safety will not be compelled to consider the case at its next regular meeting, it is thought that it may do so. The code prescribes that the mayor shall investigate the charges preferred by the chief after five days from the date of filing them and that the board shall give the accused a hearing after 10 days. This is construed to mean that the board shall give the defendant a hearing in 15 days after the charges are made. It is understood that the mayor has made the investigation and is now waiting for the board to take its lawful action.

It is understood that the mayor and chief would have let the case go quietly on until the end of this week without giving the particulars to the public for the purpose of protecting the officer in his suit pending at Lisbon. The suit is the one in which Jack Brighthouse is the plaintiff, asking a large sum for injuries alleged to have been caused by Saulsberry while placing the plaintiff under arrest. It is thought the officer's suspension may have some bearing on the case.

## POCKET BOOK AND \$278 STOLEN

Edward Bennett Met With a Big Loss While at Work Saturday.

Edward Bennett, proprietor of a restaurant in Wellsville and also a slip maker at the Union pottery, in this city, is heartsick as the result of a daring theft by which he is the loser of \$278. The amount was stolen from his coat which he had hanging in a closet at the pottery near his working apartment on Saturday afternoon. Local officers were detailed on the case and Officer Dawson made a thorough examination shortly after report was made at central station, but so far no clue has been gained as to the guilty party.

To a News Review reporter, Mr. Bennett made the following statement:

"I missed the pocketbook and money at 4 o'clock Saturday afternoon, when I went to the little room located near the department in which I am employed to change my clothes. The pocketbook was a hogskin purse. The purse was in my pants pocket, and hanging in this little room, which we always kept locked, but unthoroughly left unlocked Saturday afternoon."

"The purse, money and checks were undoubtedly stolen, but I have no suspicion as to whom the guilty party was. There was within the purse a check for \$100 given to me to pay for my loss keenly, but so far no clue has been gained as to the guilty party."

Grocerymen and the banks of both cities should be on their guard in regard to the checks and money, and from Mr. Bennett's minute description of his lost money, they can easily detect the checks or a portion of the bills.

## TRIED TO STEAL A COAT AT THE RUMMAGE SALE

A man who would steal an overcoat at a rummage sale would steal from a contribution basket in church, an act that it was supposed until Saturday night was too low for any East Liverpool man to be guilty of. At the rummage sale on Market street, a well known young man entered early Saturday evening and told one of the ladies in charge that he would like to look at an overcoat. He was wearing one that was tattered and worn and wanted one to help him brave the blasts of the coming winter.

The woman kindly showed him a coat which struck his fancy and while she was apparently looking in another direction, he started to run from the room at great speed with the coat on his back. The woman is a fearless individual and possesses considerable ability as a sprinter also. She immediately gave chase and intercepted the young man before he reached the door. She then made him hand over the coat. He did so, protesting that he thought it was his own coat. The woman patted him and allowed him to go without

## DISPUTE OF CHURCHES IS CARRIED INTO COURT

Second Presbyterian Congregation of Wellsville  
Sues the First Church of  
That City.

## THEY DEMAND A DIVISION OF PROPERTY

Lisbon, November 30.—(Special)—At the time the Second church was erected the petition says the membership of the defendant First church was 516, of whom 70 lived in the West End, and the total value of the First church property was \$25,000. On April 15, 1896, at a special meeting of the congregation of the First church, held for the purpose, the matter of regularly organizing the Second Presbyterian church of Wellsville was taken up and the organization effected at subsequent meetings, the congregation of the First church agreeing, the petition alleges, that if the Second church used for five years the property appropriated and was self-sustaining a deed would be made to the Second church of all the property occupied and used by it. In compliance with a recommendation of the First church, the Second Presbyterian congregation was organized by the Steubenville presbytery May 5, 1896, and the congregation of the First church, at that time numbering 595 members, of whom 92 formed the new congregation was divided.

The petition says the First Presbyterian congregation of Wellsville was incorporated by a special private act passed by the Ohio legislature January 11, 1883. Its house of worship is situated in the east end of Wellsville and in 1891, owing to the fact that many of its members and adherents lived in the west end of Wellsville and often found it inconvenient and at times impossible to attend services, by reason of the great distance, a subscription of \$665.50 was raised to start a church in the West End. On September 30, 1891, the matter was reported to the congregation of the defendant church, which authorized the purchase of a site and the erection of a house of worship in the west end of Wellsville, an additional \$1,600 being appropriated by the congregation from funds and property held in trust by it. With these funds the congregation August 15, 1892, purchased the premises on which the Second Presbyterian church of Wellsville is now located. Title to the premises was received and held in trust by the congregation of the First church.

### POCKET BOOK AND \$278 STOLEN

Edward Bennett Met With a Big Loss While at Work Saturday.

Edward Bennett, proprietor of a restaurant in Wellsville and also a slip maker at the Union pottery, in this city, is heartsick as the result of a daring theft by which he is the loser of \$278. The amount was stolen from his coat which he had hanging in a closet at the pottery near his working apartment on Saturday afternoon. Local officers were detailed on the case and Officer Dawson made a thorough examination shortly after report was made at central station, but so far no clue has been gained as to the guilty party.

To a News Review reporter, Mr. Bennett made the following statement:

"I missed the pocketbook and money at 4 o'clock Saturday afternoon, when I went to the little room located near the department in which I am employed to change my clothes. The pocketbook was a hogskin purse. The purse was in my pants pocket, and hanging in this little room, which we always kept locked, but unthoughtedly left unlocked Saturday afternoon."

"Grocerymen and the banks of both cities should be on their guard in regard to the checks and money, and from Mr. Bennett's minute description of his lost money, they can easily detect the checks or a portion of the bills."

### TRIED TO STEAL A COAT AT THE RUMMAGE SALE

A man who would steal an overcoat at a rummage sale would steal from a contribution basket in church, and act that it was supposed until Saturday night was too low for any East Liverpool man to be guilty of. At the rummage sale on Market street, a well known young man entered early Saturday evening and told one of the ladies in charge that he would like to look at an overcoat. He was wearing one that was tattered and worn and wanted one to help him brave the blasts of the coming winter.

Three of a Kind.

Andrew Call and Mrs. James Wilson, who were arrested the other day on a charge of unlawfully living together, will be sent to Lisbon tomorrow, where they will answer to Judge Martin in probate court. The husband of Mrs. Wilson will also be in the party to the county seat. He is in jail charged with giving his five-year-old son enough intoxicants to make him drunk.

Licensed to Marry.

Lisbon, November 30.—(Special)—David R. Manchester and Ada J. Fay, of East Liverpool, have been licensed to marry.

### OFF FOR WASHINGTON.

East Liverpool manufacturers are fewer than for many months, owing to the meeting of the United States Manufacturers' association and the Pottery association at Washington, exclusive mention of which was made in the News Review Saturday. Those who left the city this evening on a special car attached to the regular train formed the bulk of the local representatives. They will be quartered at the Raleigh, where the meeting will be held. Following is a list of those who left last night:

Geo. S. Goodwin, Goodwin Pottery company; J. T. Smith, Wilson F. Smith, Smith & Phillips China company; J. R. Warner, National China company; W. T. Tebbutt, Potters' Credit association; W. H. Deidrick, Dresden China company, Salineville; Joshua Poole, Knowles, Taylor & Knowles; Mr. and Mrs. J. J. Purinton; J. T. Croxall; A. N. Haltom, Taylor, Smith & Taylor; Nick Muessig, with J. Marsching & Co.; Charles Harrison, with Harrison Bros.; R. S. Miller, with Palm, Fechtner & Co., New York; H. M. Preston, secretary National Lead & Oil company, Pittsburgh; Harry Frank, of Armour Lithograph company, Pittsburgh; J. G. Kaufman, representing China, Glass & Lamps.

### BONE SUPPLY EXHAUSTING.

English newspapers say danger more greater than the reported buying of the ball clay mines of Devonshire threatens the English china trade at present. A report received in the Staffordshire district shows the supply of bone from South America will shortly cease, and without this commodity the china trade cannot go on. Naturally, the report has created considerable alarm in North Stafford-

## FINAL TRIUMPH OF CHRISTIANITY

Hope of Such a Result a Comfort  
To the God-Fearing.

### THE KINGDOM OF CHRIST

Subject of a Sermon By Dr. Pratt—A Plea for Crystallizing Christian Principles Into Law And an Enforcement of That Law.

With the customary eloquence, Rev. Dr. M. B. Pratt preached an able, convincing and logical sermon upon the theme, "The Unexhausted Kingdom," at the morning service at the First Methodist church. A large congregation enjoyed the discourse and the excellent singing.

Rev. Dr. Pratt thinks that Christianity will finally triumph over the infidelity of the world and this thought, comforting to all God-fearing people, was kept to the fore during the entire sermon. Men and nations have forsaken and forgotten God, but among the fallen masses He has found one, at least, worthy to be singled out for a leader. His kingdom has never been exhausted.

Abraham's journey was the scorn of the Jehovah upon the Canaanites and his life and existence was a challenge to the religion of the idolaters of the world. Again, Isaiah startled the idol worshippers with his inspired visions. John, the Baptist, when he published the news to the world of the blessed advent of Jesus Christ, was singled out by God from among decadent hosts.

Christ came and the Kingdom of heaven was proclaimed to be at hand. Representatives of the new faith, who received the first breath of the Holy Spirit on Mount Moriah, spread to Antioch and Rome and soon were preaching on the continents, expanding the gospel and the kingdom of God.

Men, with faculties consecrated to God are ready to go forth into the work of expanding and extending God's kingdom. God comes himself to the very citadel of human life for controlling all the lesser faculties as the mind, back of the mind is the soul and inspiring the soul is God. Christianity is not amenability to God, it is the presence of God himself. The spirit of God, harnessed to men's faculties has proved invincible to infidelity through all the ages. A son may forget mother, but the soul can never give up God's work and He will yet prevail.

The minister pleaded for a crystallization of Christianity into law and an enforcement of it. Infidelity will be conquered, not by spiritualism alone, but when we are filled with the Holy Ghost.

### He That Serveth.

Rev. J. G. Reimann preached at both services at St. John's Lutheran church yesterday, Rev. R. M. Smith, of Baden, Pa., who was to preach in the evening, being too ill to come. Communion was celebrated at both services. The day Advent Sunday, was the seventh anniversary of the dedication of the church building and fitting observance was made of the occasion. From the words of Christ, "I am among you as he that serveth," the pastor drew an impressive lesson, showing the Lord's willingness to serve us still.

### At St. Stephen's Church.

Rev. Edwin Weary on the evening of St. Andrew's day preached on the life of that disciple.

He said that no one knows what good results can be obtained from bringing some brother into the fold of the church.

The same invitation that St. Andrew extended to the people of old is being today extended to the countless mortals who are in need of salvation. The church through her ministers is endeavoring to bring all men to Christ. By baptism they are given the spirit of Christ and are thereby made His children.

### Conscience Should Rule.

Rev. Dr. David Jones at the First M. P. church yesterday preached on "Right Living." No other way than living rightly can bring happiness.

A blameless life alone brings joy and peace. Conscience should rule in business and social as well as in religious life.

### WASHINGTON HOME FOR THE HANNAS

The Senator Considers Buying or Building a Capital City Residence.

Washington, November 30.—Senator and Mrs. Hanna have under consideration the purchase or building of a home in Washington, presumably the latter. Agents, acting for the senator, are now on the lookout for a desirable location. Six more years of Washington official life will begin for the Cleveland man on his re-election by the legislature this winter, and the prospect of nomadic hotel and rented house existence for that period is apparently not alluring. House building by Mr. Hanna discourages any future rumors of his resignation or retirement from public life before the completion of his second term.

If President Roosevelt has desired an earnest of his good faith in the discouragement of the Hanna presidential boom, it is apparently here presented. The man who expected to have the White House for a residence during the next four years would hardly build.

In acquiring a Washington home, Senator Hanna will defy a superstition that Senator Foraker has already set at naught with his splendid place on Sixteenth street. That is, a tradition of statesmen who build or buy residences are usually cut off from their enjoyment as soon thereafter as their constituents have action at the polls. Many a congressman has been beaten on that issue, with the argument that loss of all home interest went with the transplanted laces and penates.

The property examined with most favor by Senator and Mrs. Hanna so far is located on "I" street, one block from the northern boundary of Lafayette square and two from the White House gates. It is an aristocratic neighborhood with the army and navy clubs to the west, famous and exclusive St. John's church, where pews bring a thousand each, just around the corner.

The homes of Secretary Hay and Senator Depew touch elbows with the lot under consideration by Senator Hanna.

Last year and this he had occupied apartments at the Arlington hotel; before that he had the old Don Cameron place on Lafayette square.

MONDAY, NOVEMBER 30, 1903.

Many persons have doubtless been perusing with interest "The History of the Standard Oil Company," by Miss Ida M. Tarbell, in one of the popular magazines. Their interest is quite likely to abate at least 50 per cent, if gross and ridiculous errors, such as occur in the December installment of the so-called "history," are allowed to creep in. The gifted author, writing about the Ohio oil fields, speaks of the "Cincinnati and Marietta" and "Western & Lake Erie" railroads, when the Cleveland and Marietta and the Wheeling & Lake Erie are meant, and caps the climax of absurdity for Ohio readers by locating Marietta, the oldest city in the state, on the "Muskegon" river. We sincerely hope that the historian is better informed on the other topics of which she treats than she is on Ohio; if not, the information she is giving her readers cannot be worth much.

Butler, Pa., is paying the penalty for a contaminated water supply in a terrible epidemic of typhoid fever. If Butler, drawing its water supply from a clear stream in a non-populous district, is in such danger, it is surely time for towns that get water from the Ohio river, receiving the sewage of all western Pennsylvania, to take energetic measures to purify the supply.

English bond holders should be made to understand that the United States is no collection agency. As to whether Panama can be held liable for a proportion of Colombia's debt is a question that should not enter into our negotiation with the new republic for canal property, and, in fact, is none of Uncle Sam's business.

The Massachusetts supreme court has decided that selling a vote is not a crime, but that buying votes is a serious offense. Perhaps the court takes the broad ground that a man who sells his vote doesn't know any better.

East Liverpool will not take issue with Congressman Kennedy, who

maintains that this city deserves and will need something better than a \$50,000 federal building. If the congressman can get a liberal appropriation he is assured in advance that it will be appreciated and made useful.

Santo Domingo is said to be desirous of a United States protectorate. The United States has quite as many disorders of its own as it cares to look after.

The first and so far the only man to applaud Bryan's suggestion that John W. Bookwalter be nominated for the presidency is John W. Bookwalter himself.

"The grafters must go," says President Roosevelt, avert the postoffice department scandals. And the whole country says amen.

Some of the colleges are talking of shortening the college course. Others think it is the foot ball season that needs curtailment.

There is nothing slow about this year's winter. It arrived several days ahead of time and seems determined to stay.

Mr. Cleveland wisely concludes that he has nothing to gain and everything to lose by entering the presidential race.

The country is learning where that annual deficit in the postoffice department came from.

November gas bills are of sizable proportions.

### OBITUARY

Mrs. Sarah Riley.

Mrs. Sarah Riley, who had been an invalid for the past three years, died yesterday afternoon at the home of her son, W. H. Riley, in Chester, with whom she had made her home since the death of her husband, Enoch Riley, who died in 1891.

Mrs. Riley was 74 years of age and had resided in this vicinity over half a century, having come to East Liverpool from England among the first emigrants from the pottery districts of the old world. For many years her husband worked in the pottery plants of East Liverpool and later moved to a farm purchased by him south of Chester. Mrs. Riley was beloved and highly esteemed by all who knew her. She possessed all those precious attributes which make a perfect home, a dutiful wife and a loving mother.

More than three years ago she was taken ill at the home of one of her sons in the East End and was taken to Chester as soon as she was able to move. There she has remained in an almost helpless condition ever since. Recently rheumatism attacked her, and this rapidly developed into blood poisoning, the complication causing her death. Mrs. Riley is survived by one daughter, Mrs. Mary Allison, of Chester, and three sons, W. H. Riley, Chester; F. J. Riley, East End; Daniel Riley, of Shelton, Neb.

Funeral services will be conducted at the home of W. H. Riley on Fairview street, Chester, tomorrow afternoon at 2 o'clock, Rev. Mr. Blackmore, pastor of the Chester M. E. church, officiating. Interment at Riverview cemetery.

Edwin Smith.

Edwin Smith, aged 73 years, died at the home of his daughter, Mrs. Louise Worrell, of West Second street, at 10 o'clock last night. Death was due to typhoid fever complicated with pneumonia and the infirmities of age. The funeral services will be held at St. Stephen's church tomorrow afternoon at 2 o'clock, Rev. Edwin Weary officiating. The interment will be made in Riverview cemetery. Mr. Smith has been a resident of this city for the past 13 years, coming to this country from the Staffordshire pottery district of England. By occupation he was a decorator of china, his hand painting being highly artistic.

In England he

Cold Cream is a necessity the year round to people who would keep their skin soft and velvety. Anderson Cold Cream has qualities peculiar to itself in its perfect smoothness, and its creamy whiteness and purity. ## THROAT EASE

If you have a delicate throat now is the time when you particularly want something to keep it comfortable. Sudden changes in temperature or exposure to chilly winds and dampness may start you coughing. At the first sign of trouble you should use Craig's Horehound, Tar and Wild Cherry. It quickly quietes that raw, sore feeling in the throat, and if you take it faithfully it will heal the inflamed surfaces.

It has been used by grown people and by children, and our customers speak well of it. In fact, many of them think of it as soon as a cough troubles them. 25c and 50c.

did notable work for the Minton and Copeland plants at Stoke-on-Trent. Here he was employed at Goodwin's and what is now the Union pottery, and after leaving those plants worked at hand painting at his home.

Mr. Smith was taken ill about six weeks ago and his condition soon became serious. The surviving children are: George Smith, a well known decorator, of this city; Mrs. Louise Worrell, with whom he has lived since the death of his wife four years ago; Mrs. A. D. Skellam, of Peach alley; Mrs. Eliza Smith, of Vine street, and Mrs. Mary Ford, of Fenton, Staffordshire, England.

Samuel Reed.

Samuel Reed, aged 73 years, died at the home of his daughter, Mrs. Phelps, of Jethro, at 8 o'clock Saturday night. Death was due to the infirmities of age and resulted after an extended illness. The funeral services were held at the Phelps home this afternoon at 2:30 o'clock, and the body was shipped to Sallieville, where the interment will be made. Mr. Reed was well known to the residents of the West End and was very highly respected. He is survived by four sons and three daughters.

George Annon.

George Annon, of Grafton, W. Va., died at his home there Saturday from typhoid fever after an illness of several weeks. His brother, Lee Annon, a well known motorman on the East Liverpool line, left for Grafton Saturday evening to attend the funeral. Mr. Annon received a telegram early Saturday morning announcing his brother's dangerous illness and in a few hours another message came conveying the news of his death.

### MISSIONARIES NEEDED

Among the Extensive Foreign Population in Eastern Ohio Counties.

The Presbyterians of Steubenville and St. Clairsburg presbyteries are being asked to contribute to support a man to do missionary work among the foreign elements of the counties of Jefferson, Belmont and Columbian.

There are said to be 8,500 foreigners added to the population of this district within the last year. Missionaries, it would seem, from the lawlessness prevalent, are badly needed.

### AT THE THEATER

Merry Charles A. (Karl) Gardner comes to us next Saturday evening, December 5, with Lincoln J. Carter's superbly mounted comedy drama, "The Darkest Hour." The play has been written to especially fit Mr. Gardner's talents and polished off with the scenic and mechanical effects for which Mr. Carter is noted. One effect is a full-sized train which leaves the front of the stage rounding a curve and passing over a bridge in full view of the audience. It is said to be Mr. Carter's crowning effort and should be seen to be appreciated.

Miss Amy Mortimer, a very handsome and clever exponent of ingenues, has been engaged by Manager Charles H. Yale to play the part of the heroine, "Madeline," in the twenty-second edition of "The Everlasting Devil's Auction." Karl Weixelbaum, the noted musician and composer, has been engaged as musical director and to compose all the music for the ballets, ensembles and other new tuneful features of "The Everlasting Devil's Auction."

## WELLSVILLE

TROUBLE BREWING  
IN THE WATER WORKS

Duquesne Engineering Company Not Prepared to Contract for Completing Work.

There is trouble brewing in the water works department. The old water works board held a meeting the other night and took up the matter of a contract with the Duquesne Engineering company for the completion of a work for which the board is responsible under the new municipal code.

The first bid of the Duquesne Engineering company for the proposed improvements in the water service was out \$17,500, but owing to the fact that there was only about \$11,000 available in the water fund the plans were cut down and the Duquesne Engineering company secured the contract, as their bid, about \$10,000, was much lower than any other bidders.

Now that the engineering company had such bad luck in completing the well owing to cave-ins and other causes, it is stated that its agent has failed to sign the contract with the board of public service for the completion of the rest of the work outside the well and the tunnel. Under the code the old board had a right to complete all outstanding contracts, possibly a contract now with the board of public service is illegal. The engineering company, it is stated, is under \$2,000 bond to complete contract entire, therefore independent of signing the contract to complete 10,000 or \$11,000 worth of work as proposed. How the matter will terminate is only conjecture.

pies fed the multitude with loaves and fishes. Said he:

The gathering of 5,000 was a most remarkable scene, from the fact that all were men. Many men have seen that number of people in a mixed body. It was at evening tide, and the place was a desert. It was also remarkable that they were hungry, because they were human, and sojourners and travelers. There was a remarkable personage with them—Jesus, and wherever He is found we find good company, among whom were His disciples. The hearts of the disciples went out to the throng and in conferring with the Savior, He said, 'Feed ye them.' Then came the feeding of the multitude as they sat in companies of 50. Jesus adapted himself to their condition. This was a secret of a minister's success to know when and how to use men. When men are hungry they are humble. They all sat down to a man.

Obedience is better than sacrifice, and then people are ready to obey the voice of God and await the coming of the Holy Spirit's powers. The disciples obeyed and helped the Savior feed and teach the multitude. Along the same lines the burdens of the church should be borne alike by those in the Master's service. Revivals would then follow. They should obey the message to go out and feed the multitude, and they will be fed.

The Savior had taught the lesson of thanking God first for what they had. He had also taught economy in gathering up the fragments. A church should work in harmony to increase and thrive in the Master's vineyard."

RAILWAY CONDUCTORS  
IN CONVENTIONHeld an Important Meeting And After-  
ward Partook of a Fine  
Dinner.

The order of Railway Conductors held an important session at Wellsville yesterday, eight or nine men being initiated into the order. There were present 63 conductors, representing every division nearly on the Pennsylvania lines, from Wellsville, Cleveland, Philadelphia, Pittsburgh, Crafton, Sheraden, Steubenville, Rochester, Bessemer, Alliance, Columbus and other points. After their business session they repaired to the Hotel Metropole, where a bounteous spread of good things were features. There was no speech-making, simply a meeting socially of the vast army of conductors in the Pennsylvania company's employ.

Such a gathering was a notable affair, as these men are all careful, intelligent citizens and have a fund of humor, knowledge and information. The meeting yesterday was under the auspices of Wellsville Division, No. 289, Order of Railway Conductors. The delegation from Pittsburgh arrived in a special car from that city and were met by committeemen: Messrs. C. O. Hallett, J. E. Coleman, W. S. Jordan, J. P. Whalen and T. J. Packer, of the Wellsville division. Mr. D. F. Lane, chief conductor of division No. 114, of Pittsburgh, conferred the

initiatory degrees on nine candidates.

The guesses of honor at the banquet at Hotel Metropole were: G. L. Apple, G. B. Boutilier, T. J. Rogers, Charles Hallett, of Wellsville, and W. H. Niebaum, of Pittsburgh. The four gentlemen are all connected with the Wellsville offices.

In conjunction with the meeting of the Railway Conductors of the Pennsylvania Lines, the Brotherhood of Engineers and Brotherhood of Locomotive Firemen and Brotherhood of Railway Trainmen met also with the conductors. The trainmen are thoroughly organizing along the Pennsylvania company's divisions, and taking the matter of engineers, are all within the organization on the C. &amp; P. divisions with the exception of 21, many of these, however, being on the pension list and too old for service. The firemen are just as thoroughly organized. The layoffs that have occurred of late, it is stated, are due in some regard to the matter of organization of the Pennsylvania company employees. In fact, the meeting here Sunday included representations from all the different railway organizations.

The matter will unfold itself at another meeting to be held shortly in Wellsville, and there will come up for consideration a number of weighty matters for the betterment of the entire Brotherhood of Railway Trainmen.

## NEW OFFICES

Of Sims & Company at Wellsville—A  
Long Job Ahead of the  
Contractors.

C. A. Sims &amp; Co. have opened their offices in Wellsville in the old First National bank building, Front street, and have large and roomy quarters.

Their operations in this city will last

for eight months, the job of straightening the curves at Yellow Creek be-

ing a mammoth one, as well as the

fills at the lower end of the new yards

building. They will continue the fills

on up to where Contractor H. S. Rinehart leaves off. A trestle has been

partially completed to span Yellow Creek between the river division C. &amp; P. bridge and the county bridge.

It would be a very feasible project

for the commissioners of Columbiana

and Jefferson counties now to continue

the county road from the railway

crossing below the Vulcan brick works

along the hillside to Yellow Creek and

span all the tracks with an overhead

bridge, which would be a most desir-

able change to travelers along this

highway, and also avoid the dangers

at the upper railway crossing and the

under crossing at Yellow Creek.

## Will Look After Paving.

A committee from council will be appointed at the meeting tomorrow, which, in conjunction with the officials of the East Liverpool railway company, will view the proposed paving route down Steubenville street from the lower end of Clark avenue.

The street railway proposed to extend their line to Yellow Creek in the spring, and council is anxious that both projects be started at the same time, to avoid tearing up of the paving.

## Won Seven Games.

The Bruno Juniors football team have a good record so far this season. They have won seven games, lost one and tied one. The one they lost was to the Alliance team, and they tied with the Brewery Athletic club team of East Liverpool. They claim the latter team played four of the West End Rovers in their last game here, but notwithstanding that fact the Brew- ery did not score.

## Opposed to Incorporation.

The majority of freeholders in Berg- holz are opposed to the matter of incorporating that town on account of higher taxes. D. S. Allen, a prominent resident, says the matter has not been well placed before the mass of citizens, and cannot be acted upon by the county commissioners before both sides of the controversy has had an equal hearing.

## Pat is Married.

Everybody knows Pat Fitzpatrick, the boniface of lower Main street, which place has been "keeping Pat" for these many years. He fled away to Cleveland about Thanksgiving and married a well known lady of that city. The happy couple are now on a wedding tour in the upper Canadas, and will return to Wellsville Monday next.

## Not Likely to Resume.

The old Lyth sewer pipe works will probably never be put in operation by the owners, the American Sewer Pipe company, as the plant has all gone to rack, and there is nothing valuable remaining but the engine, which is in a fair state of preservation. The quality of fire clay in the mine is also of a very inferior quality.

## Three Producing Wells.

There are now three producing wells on the farm of Charles Watt, in the Knoxville oil field. The last one in last week is good for eight barrels

daily. The largest well is doing 40 barrels per day.

## WELLSVILLE SHORT STORIES.

New officers were elected at the A. M. E. church last week.

Miss Alma Howe, of Salineville, is visiting Wellsville friends.

Councilman James Bissert, of Twelfth street, is quite ill.

Orville Bettis has returned from a trip to his mother at August, O.

Fred Wilson, of Main street, who is ill with grip, has had a relapse.

H. W. Stoneking has moved from Danbury avenue to Front street.

The skating pond in Central base ball park will be completed Saturday.

David Crumrine has returned home to Columbus, after a visit in the city.

Freight is becoming light on the C. &amp; P. and a number of extra trainmen have been laid off.

A number of engineers on the C. &amp; P. have been reduced to firemen, owing to the reduction of traffic.

Lloyd McClain, of Clark avenue, was called to Irondale Saturday by the serious illness of his father.

There will be a reduction on December 1 of two cents per ton on mining fire clay at the Vulcan Fire Clay company.

Miss May Jenkins has returned to Toronto after a few days' visit with Mr. and Mrs. Harry Moore, of Danbury avenue.

Born, to Mr. and Mrs. William Hayes, of Canton, Ohio, formerly of Wellsville, on Saturday, a bouncing baby daughter.

Preston Moore, colored, who recently received a broken leg at the big fill in the C. &amp; P. yards by a caving, is not improving.

Two small mills will be started today at the American Sheet Steel company's works, which will make six now in operation.

Council will meet in regular session tomorrow night. There is a good deal of business to attend to, held over from last meeting.

Miss Helen and Agnes Dickinson returned home to Bellevue, Pa., yesterday after a pleasant visit with Mrs. Thomas Dickinson, of Tenth street.

The Hygienic Ice company started at 12 o'clock last night to make ice.

Herman McClung, general manager of the plant, returned from a visit to Milwaukee friends yesterday.

The Twin City Lodge, No. 18, K. of P., colored, is in fine shape at present.

It will hold its eleventh annual ball in city hall, December 25. Ormes' orchestra, of East Liverpool, will furnish the music.

Lewis Jordan and wife, of New Cumberland, Ohio, Tuscarawas county, are guests of their son-in-law, Robert Wilcoxen and wife, of Twelfth and Front streets. Mr. Jordan is \$4 and his wife 74, and both are still hale and hearty. They will remain in the city a couple of months.

## MARRIED BY THE MAYOR

Clarence Hall and Mrs. Lucy Thorn

Wedded at the City Hall.

Mayor Weaver performed his first

marriage ceremony on Saturday after-

noon. The parties united by him

were Clarence Hall and Mrs. Lucy

Thorn, who were arrested early in the

week on a delicate charge. To es-

cape imprisonment in the county jail

or workhouse, the pair decided to get

married and informed the mayor they

would allow him to perform the cere-

mony.

The chief executive has had a han-

kering after the job ever since taking

the office and gladly accepted the of-

fer, taking into consideration also that

it would be an easy way of settling

the case. There were perhaps a half

dozen present when the mayor pro-

nounced the sacred words and they all

say that no minister ever did the

stunt with more grace.

Chester is fast becoming a great

lodge town. Several new orders have

instituted branches in the town with

in the past few weeks, and more will

be organized during the winter. The

people of Chester take a deep interest

in their fraternities, and the at-

tendance at the meetings of each are

invariably large.

A branch of the Modern Woodmen

will be instituted tonight. The lodge

will start with a membership of about

30. The meeting will be held in

Bloom's hall.

Championship.

In the opening game for the Allegheny county basket ball championship, played at Pittsburg Saturday night the Southside team, which is to play here tomorrow night, defeated D. C. & A. C. by a score of 50 to 9. D. C. & A. C. is rated as the most formidable contestant with the Southsiders for the championship, but from the game it appears that they are badly outclassed. Liebau, one of the Southside forwards, made 14 foul goal throws and scored five goals from the field.

The appearance of the Southsiders at Rock Springs pavilion tomorrow night is exciting a great deal of interest and a large crowd will witness the game.

It is certain to be needed before the winter is over, and results are much more prompt and satisfactory when it is kept at hand and given as soon as the cold is contracted and before it has become settled in the system. In almost every instance a severe cold may be warded off by taking this remedy freely as soon as the first indication of the cold appears. Senate Awaits Adjournment Proposition from Lower Branch of Congress.

### ANNOUNCEMENT OF COMMITTEES

Will Be Interesting Feature in House of Representatives—Extra Session May Expire by Limitation—Regular Session Opens in a Week.

Washington, Nov. 30.—The senate will not do any business other than of a routine character during the present week. It will meet Tuesday, and unless the house manifests a disposition by that time to reach a final adjournment, will adjourn over to the following Friday. The understanding is that the senate will not originate a resolution for the adjournment of the session, but some senators entertain the hope that the house will send over an adjournment resolution not later than Friday. The Cuban reciprocity bill is on the calendar as the unfinished business, but no speeches will be made on it until after the beginning of the regular session a week from today.

From Washington comes the statement that M. A. Norris, of Youngstown, is once more in the field for the nomination for judge of the supreme court of the state of Ohio.

The community at Warsaw, O., is excited by the announcement made by Louis Bolus and A. Blee, of Wooster, that they have discovered gold and silver there in paying quantities.

Pittsburg Orchestra Concerts.

The fifth set of concerts of the season by the Pittsburg orchestra, Victor Herbert conductor, will be given on Friday evening, December 4, and Saturday afternoon, December 5. The concerts will have peculiar interest because of the first appearance at Carnegie music hall of Alois Burgstaller, tenor, as soloist. Mr. Burgstaller took the part of Siegfried in the great performance of that work by Mr. Grau's Metropolitan opera company last April. Pittsburg is greatly favored, as Mr. Burgstaller will not sing again in concert in any city, Mr. Conrad commanding his entire time for the opera in New York. Two compositions on this program will be played for the first time in Pittsburg, the overture by Goldmark and Liszt's symphonic poem, the latter with the organ, Walter E. Hall, organist. Charlier's "Fete Polonoise" is played for the first time at these concerts. Mr. Herbert has included two numbers of Wagner's "Parsifal" in this week's program.

# SCROFULA A DISEASE WE INHERIT.

Scrofula manifests itself in many ways. Swelling of the glands of the neck and throat, Catarrh, weak eyes, white swelling, offensive sores and abscesses, skin eruptions, loss of strength and weakness in muscles and joints. It is a miserable disease and traceable in almost every instance to some family blood taint. Scrofula is bred in the bone, is transmitted from parent to child, the seeds are planted in infancy and unless the blood is purged and purified and every atom of the taint removed Scrofula is sure to develop at some period in your life.

150 South 5th Street, Salina, Kan.

No remedy equals S. S. S. as a cure for Scrofula. It cleanses and builds up the blood, makes it rich and pure, and under the tonic effects of this great Blood Remedy, the general health improves, the digestive organs are strengthened, and there is a gradual but sure return to health. The deposit of tubercular matter in the joints and glands is carried off as soon as the blood is restored to a normal condition, and the sores, eruptions, and other symptoms of Scrofula disappear.

S. S. S. is guaranteed purely vegetable and harmless; an ideal blood purifier and tonic that removes all blood taint and builds up weak constitutions. Our physicians will advise without charge, all who write us about their case. Book mailed free.

TENANTS WOULD NOT EJECT.

Murder and Lynching Narrowly Averted in Cincinnati Feud.

Cincinnati, Nov. 30.—Feudal fighting that had been going on at 1253 Richmond street for a week culminated in an incipient riot. Murder and lynching were narrowly averted. The premises are owned by A. T. Anderson, who occupied the second floor, while the family of William S. Ford, as tenants, occupied the first floor. The feud was between the Andersons and the Fords. The Fords having paid their rent, Anderson could not eject them.

He attempted two days ago to drive the Fords out by turning on the water from the upper floor and flooding the house, thereby damaging his own property over \$1,000. Saturday he fired repeatedly through the holes made in the floor. At one time when there was a fusillade of shots from the upper floor Mrs. Ford and her babe were slightly scratched with bullets.

Sunday Anderson cut with an ax a large hole through the floor and ceiling and turned the hose directly onto the Fords. The exchange of shots that followed attracted hundreds of people and also a force of police. The latter had great difficulty in holding the neighbors and the crowd back when Anderson's door was broken in and he was arrested. Anderson insisted he would kill anyone that came near his door, but he did not molest the policemen. Anderson was arrested for shooting to kill.

Ford was shot behind the ear and would have been instantly killed but for a silver plate inserted in his head after he had been shot years ago. After Ford's wounds were dressed at the hospital he was arrested for cutting the water pipes to prevent the flood that Anderson had turned loose. Anderson was released on bail, but kept in hiding, as the angry crowd remained about his premises. Elijah Thatcher, son-in-law of Ford, was also arrested for shooting to kill.

Police Are Sound Sleepers.

Savannah, Ga., Nov. 30.—Safe-blowers raided the department store of Foye &amp; Eckstein, dynamited the safe and secured between \$1,700 and \$1,800. The store is situated in the heart of the principal shopping street and three policemen were in calling distance, but the robbery was not discovered until late.

## LONG LIST OF CRIMES

Peter Neidermeyer Makes Another Confession to Chicago Chief of Police.

### WANTS MOTHER TO GET REWARD

Refused to Implicate Companions—Will "Hang" Anyway, and Wants Parent to Reap Benefit—Story is Believed—More Arrests to Be Made.

Chicago, Nov. 30.—Peter Neidermeyer, one of the members of the quartet of young bandits who for the last six months have terrorized Chicago, in another confession added several more crimes to the long list already charged against him and his companions, Van Dine, Marx and Roeski. With parental love uppermost in his mind, Neidermeyer offered to tell Chief of Police O'Neill of a score of train hold-ups, burglaries and other crimes that he has committed if the rewards offered will only be given to his mother.

"I want to know that my mother will be cared for after I am hung," said the 21-year-old boy, who is now the self-confessed murderer of five men. "I am guilty of crimes of which you know nothing and for which innocent men are now suffering. There are rewards offered for my capture and conviction. If you will guarantee that these rewards will go to my mother I will convict myself. I will confess crimes that will startle you."

### Told of a Few Crimes.

In order to make his word good Neidermeyer told of a few crimes which he claimed to have committed. He outlined them in such a manner, Chief O'Neill declared, as only one was concerned in them could do. Neidermeyer refused, however, to divulge the names of his partners in the crimes referred to pending proof that his mother would get the reward.

A few of the additional crimes he claims to have participated in are as follows:

Robbery of the Illinois Central limited express at Paducah, Ky., in which Barnes, one of the robbers, cut his throat while surrounded in a swamp. The others escaped.

Hold-up of a stage coach a mile from Butler, Nev., two years ago and robbery of the mails. No one was shot and the robbers escaped without recognition.

Hold-up and robbery of Chicago and Northwestern passenger train near Boone, Ia., six months ago.

Hold-up and attempted robbery of Baltimore and Ohio train at Edgemere, Ind., four years ago.

### Concealed Names of Companions.

Minor hold-ups and robberies in and out of Chicago were mentioned by Neidermeyer. But in all cases he was careful to conceal the names of his associates in crime, merely giving sufficient outline of the crimes to warrant Chief O'Neill in believing that Neidermeyer was telling the truth.

When Neidermeyer went back to his cell it was with the assurance that his mother would be bettered \$500 financially.

Special Agent W. Riley, of the Chicago and Northwestern railroad, promised him that Mrs. Neidermeyer should be given the reward of \$500 for the arrest and conviction of the Clybourn station robbers after Neidermeyer detailed the robbery to them and exonerated a man named Dolle, of St. Louis, who is now under indictment.

Operator Dougherty and Ticket Agent Lathrop, the victims of the robbers in the Clybourn station hold-up were present during Neidermeyer's confession, going over with him in detail the robbery and shooting at Lathrop.

Neidermeyer detailed the Paducah, Ky., hold-up perfectly, refusing to tell names for the reason that none of the Illinois Central detectives were present. He offered to tell Special Agent O'Keefe the entire story of the daring robbery and even show him the house in Kentucky where he hid after the robbery.

The Paducah Hold-Up.

"I stalled the train alone," said Neidermeyer. "Then I entered the baggage car and threw out three sacks. Barnes grabbed one of them. I didn't get any, as I was lucky in getting away with my life. They found Barnes in a swamp with his throat cut. He had a razor in the hand that he committed suicide with."

**MAYOR WEAVER**  
REPLIES TO A CRITIC

Takes Issue With Statements Made in a Recently Published Article.

To the Editor of the News Review: My attention has been called to an article in your issue of November 25, in which the writer and the public in general, according to his way of putting it, had a grievance. I was surprised to read this piece of bombast, inasmuch as the News Review had passed judgment upon the same action in a previous issue. The writer of the article in question condemning the action of the mayor in the case of Gray and Stevens was evidently suffering from some acute form of mental hydrophobia. His painful labor in this matter is evident. His solicitude for the police officer is pathetic in the extreme, and from his plaintive wail in behalf of the saloonkeeper and the persecuted Sunday and after-hour loiterer, one might suppose him to be some wandering eaglet who had strayed from the aerie.

I have no desire to spend any time or thought upon an alleged good citizen who is too cowardly to disclose his identity. He takes great liberty with the acts and purposes of the mayor and exhibits a reckless abandon in his statements. There is an honorable field of criticism, but this writer is not in that class. He adopts that of the scavenger or of the highwayman who would fire from ambush and remain under cover or run. An honest criticism is always in order. But an attack under guise of "A Good Citizen" is too contemptible to deserve notice.

I only ask the indulgence in the use of your space in this instance, to invite any citizen who may fancy he has a grievance, to come to the proper source of information, and not form an opinion from street rumor or the sometimes unreliable writeup of the reporter whose chief concern may be to fill a certain amount of space.

Respectfully,  
W. A. WEAVER,

The other suit was that of Al Noling versus Frank Panzeka, in which Mr. Noling asked judgment for \$5. The defendant is an Italian, and after he had grasped the situation clearly he settled without the necessity of a trial.

given for part of the premises, but the plaintiffs' request for a fee simple title to all the property was refused.

The dispute was submitted to Steubenville presbytery April 21 last, and a finding in favor of the plaintiff was returned. ## MEXICO AS A FIELD FOR INVESTMENT

CHEAPNESS OF MONEY AND LABOR IN THAT COUNTRY.

Constantly Increasing Demand for Products Make the Planters Rich.

The Chicago Banker and Investor, a leading journal of its class in the United States, in a recent issue says editorially: "During the past two or three years a great deal of information regarding Mexico as a field for investment has been sought, and the more thoroughly different lines of enterprise are investigated the more satisfactory appears the field. Probably no country offers more inviting investments for the small capitalist. This is due principally to two causes. One is the depreciation of silver, by reason of which the investor of \$1,000 in gold can secure over double the amount in silver. The other is cheap labor which is in some localities, superabundant. Thus the owner of a small capital in gold has a double advantage. He has a larger capital to work upon, all the expenses being paid in silver, while the cheap labor, which will average 50 cents a day, is paid in silver. Thus the expense of a plantation is only about 25 per cent of the expense of a similar plantation in the United States. Take sugar or tobacco, for instance, both of which products are raised in the United States. The Mexican planter sells his product at a high price, while at the same time he is able to produce it at a quarter of the expense. This is to say, labor costing in the United States \$1.00 a day, costs only 50 cents in Mexican silver, or 26½ cents in gold. The difference between 26½ cents and \$1.00 is 73½ cents, which is naturally in favor of the Mexican producer, when his product comes into competition with that of the United States planter in the markets of the world. One other advantage is that while the United States sugar planter is compelled to plant his crop each year, the Mexican planter does so only once in from six to twelve years.

"Advices from the department of agriculture disclose a constantly decreasing supply of rubber. Unless other rubber forests are soon discovered, the commodity is sure to double in price." 280-r ed
